Tap N Go 	Improved efficiency for logging in and out of computers.	Log on with username/password once per shift to activate Tap. Use Tap N Go at any network computer for the rest of your shift for efficient access. Tap N Go FAQs
Omnicell 	All Omnicells on campus will be migrating over to CST Cerner system on February 25 night shift. Staff will not be able to access each Omnicell for a period of 10-15 minutes each.	Reconcile discrepancies by 1645, February 25. Follow usual downtime procedures Omnicell Migration at Go-Live Preparation Omnicell Tips: Adding a Temporary Patient Omnicell Tips: Adding a Fingerprint, Temporary User
Cutover Alerts (e.g. Violence, Care Plan)	Alerts need to be verified in Cerner for information and safety.	Review old chart (paper or CW Cerner) to verify and update alert as needed within CST Cerner. CST Cerner Alerts Practice Update

C&W CST Daily Practice Update – All Staff

Topic	Why Is It Important?	Practice
<p>Order Entry</p> 	<p>Having the provider enter their own orders promotes accuracy and validity of orders.</p>	<p>Providers are expected to enter their orders directly into Cerner, except for in emergency circumstances.</p> <p>Staff are to continue to clarify, repeat, and verify accuracy of telephone orders with a second HCP, as needed.</p> <p>Telephone Orders Practice Pointer</p> <p>For details on orders management in CST, refer to: CST Orders Management Policy</p>
<p>Hazardous Drugs Alerts</p> 	<p>Clear communication about handling of hazardous drugs is paramount for staff safety.</p>	<p>Patients receiving Group 1 Hazardous Drugs have an alert in the patient Banner Bar.</p> <p>For all details on hazardous drugs alerts (MAR, Omnicell, Banner Bar) with CST Cerner Go-Live, review Hazardous Drugs CST Practice Update</p> <p>For additional resources regarding hazardous drugs, go to CST ePOPS</p>
