

CST Bulletin – February 28, 2024

Update: Mental Health Act Tracker Reference Texts

AFFECTED APPLICATION(S)	PowerChart
AFFECTED AREA(S)	All Live Sites
NET NEW, OR UPDATE TO EXISTING BUILD	Update to Existing Build

What has Changed?

Updates have been made to reference texts found in both the **Adult Mental Health Act Tracker** and **Pediatric Mental Health Act Tracker** sections in iView.

The image displays two screenshots of the iView software interface. The left screenshot shows the 'Adult Mental Health Act Form Tracker' section, and the right screenshot shows the 'Pediatric Mental Health Act Form Tracker' section. Both sections have a red box highlighting the 'MHA Form 15 Completion Date Involuntary' field. A yellow callout box with a blue 'i' icon and the text 'Reference Text' points to this field in both screenshots. The right screenshot also shows a callout for 'MHA Form 16 Completion Date Involuntary'.

The reference texts for **'MHA Form 15 Completion Date Involuntary'** and **'MHA Form 16 Completion Date Involuntary'** sections now include the quick guides. These quick guides contain information about how to complete the respective forms.
